EDUCATING ON THE NATURE & DIGNITY OF WOMEN

Endow is a Catholic apostolate for women. We call women together to study the important documents of the church. Through Endow groups, women encounter their identity as daughters of God, enabling them to grow in their faith and ultimately discover their mission in life.

Join a movement of women who want to cultivate deep friendships by studying the rich spiritual and intellectual documents of the Catholic Church! An Endow Study is an 8-12 week commitment. The Method is simple: gather together, read the chapter aloud and discuss the questions at the end of each section. There is no preparation and no homework required.

The Science of Love

In this study guide, you will encounter St. Thérèse of Lisieux, the Little Flower, with freshness, energy and vigor. Unlike the almost universal contemporary feminine voice, both inside and outside of the Church, Thérèse offers the modern women a fresh perspective on happiness, discipleship and sainthood. She presents her “Little Way” with a dramatic simplicity that continues to scandalize. Thérèse willed just the one thing: to become a saint! This beautiful study, written by the incomparable Heather King, explores Thérèse’s own writings as well as the writing of numerous experts, including Pope St. John Paul II. Throughout this study you will come to know St. Thérèse – a shockingly original woman who was full of dreams, totally authentic and free – in a whole new way. It is our fondest hope that by studying St. Thérèse, you will gain a friend in heaven to accompany you on your earthly journey!
